**Klickitat County Lead Entity Technical Committee Member Vacancies**

**March 20<sup>th</sup>, 2024**

The Klickitat County Lead Entity Technical Committee (TC) is seeking applicants with professional and technical expertise to fill 3 committee membership positions: one full membership position with ecology and forestry expertise, and 2 alternate positions - one with fisheries biology expertise, and one with natural resource restoration and conservation expertise. The role of the TC is to provide technical advice to the Klickitat Lead Entity Citizens Review Committee on the identification, sequencing and prioritization of stream reaches and projects for salmonid recovery and the evaluation of the technical merits of candidate projects submitted to the Klickitat Citizens Review Committee. For more information about the TC, and where to find the application, please visit: [klickitatcounty.org/243/Salmon-Habitat-Recovery](http://klickitatcounty.org/243/Salmon-Habitat-Recovery).

Complete applications must be submitted to the following:
