

**Klickitat Lead Entity for Salmon Recovery**  
**2024 CALL FOR SALMON HABITAT PROJECT APPLICATIONS**

The Salmon Recovery Funding Board awards grant funds to protect and restore salmon habitat in Washington State. Applicants must submit proposals to their local Lead Entity for evaluation before the Salmon Recovery Funding Board considers a project for funding.

**Eligible Applicants:**

Cities, Counties, State Agencies, Private Landowners, Native American Tribes, Non-Profit Organizations, Conservation Districts, Special Purpose Districts, and Regional Fisheries Enhancement Groups.

**Eligible Project Types:**

Acquisition, Restoration, Assessment, Planning/Design, and Combination Projects (i.e. Acquisition and Restoration) of high priority within the Klickitat Lead Entity Area.

**Eligible Project Locations:**

Water Resource Inventory Area (WRIA) 29b (White Salmon), WRIA 30 (Klickitat), WRIA 31 (Rock-Glade), and Columbia River from White Salmon River confluence to Yakima River confluence

**For more information, visit the Klickitat Lead Entity webpage:**

<http://klickitacounty.org/243/Salmon-Habitat-Recovery>

**Project sponsors must contact the Klickitat Lead Entity by April 4, 2024 if they plan to apply. Complete applications are due to the Lead Entity prior to April 11, 2022. Additional requirements also apply.**
