

2025 CALL FOR SALMON HABITAT PROJECT APPLICATIONS

The Salmon Recovery Funding Board awards grant funds to protect and restore salmon habitat in Washington State. Applicants must submit proposals to their local Lead Entity for evaluation before the Salmon Recovery Funding Board considers a project for funding.

Eligible Applicants:

Cities, Counties, State Agencies, Private Landowners, Native American Tribes, Non-Profit Organizations, Conservation Districts, Special Purpose Districts, and Regional Fisheries Enhancement Groups.

Eligible Project Types:

Acquisition, Restoration, Planning, and Combination Projects (i.e. Acquisition and Restoration) of high priority within the Klickitat Lead Entity Area, with all project types having their own specificities and allowable sub-project types, such as Riparian, Design, etc. Additionally, Riparian projects funded by the Climate Commitment Act that fit the qualities of the above projects will also be eligible for funding.

For more information, visit the Klickitat Lead Entity webpage:

<https://www.klickitatcounty.gov/243/Salmon-Habitat-Recovery>

Complete applications are due to the Klickitat Lead Entity April 11, 2025. Additional requirements also apply.

To apply, or for additional information please contact:
